Good afternoon, Members,

As part of our ongoing improvements and maintenance of the BMDWCA system, please note that plumbing updates will be made to our well houses over the next several days. We do not expect this work to affect water delivery. If any shutoffs are necessary, you will be notified as soon as possible.

For any additional questions, please contact
info@upperbrazoswater.org.

Thank you,

Teri Fahs
President,
BMDWCA
